## HALO PASSENGER LIFEJACKET

With more than 60 years' market-leading experience in lifejacket design, coupled with extensive industry insights, we have been able to design a lifejacket that sets a new standard in helicopter transfer safety. Halo is the first aviation lifejacket to utilise Fusion 3D technology, allowing for a much more ergonomic jacket that adapts to the shape of the wearer for enhanced comfort.

## BENEFITS

- ⦿ Durable Nomex cover
- ⦿ Quick find beaded manual pull toggle
- ⦿ Halo hood system
- ⦿ Slimline quick lock buckle
- ⦿ One size fits all
- ⦿ Available with fully integrated EBS
- ⦿ Available with AU10-HTS PLB
- ⦿ Unique bladder buoyancy distribution
- ⦿ Patented bladder design to improve liferaft boarding
- ⦿ Built in inflatable chin support for airway protection
- ⦿ Manual oral inflation tube for additional air top up
